

Internet Banking

How to connect your Accounts to Xero

Connect your Bank of Sydney Accounts to Xero via the Bank of Sydney Internet Banking platform. Note: Once connected, you will receive a confirmation SMS to your mobile phone. Your transaction data from the date of connection will sync overnight and be available in Xero the next day.

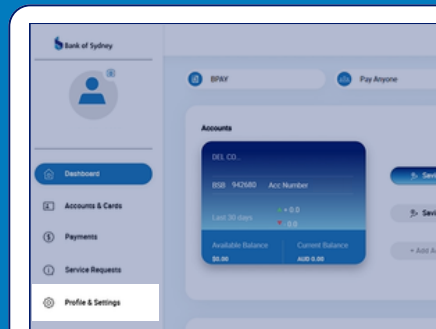

1

Log into Internet Banking via banksyd.com.au

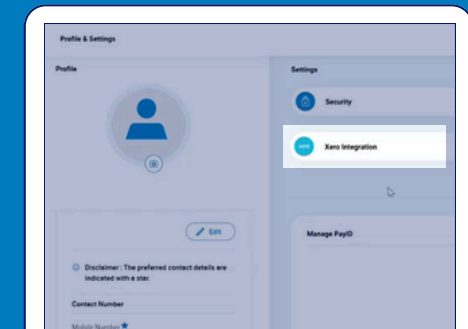

2

Click 'Profile & Settings' in the side menu

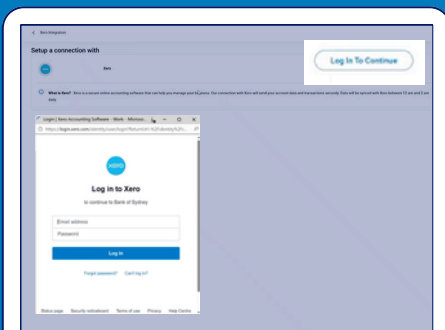

3

Click the 'Xero Integration' button

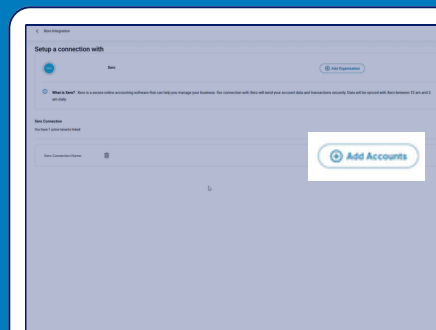

4

Click the 'Log In To Continue' button. Then log into Xero via the pop up window, you may also need to set up additional verification

5

Once your Bank of Sydney Online Banking has been connected and appears on the Xero Integration screen, click 'Add Accounts'

6

Select the account/s you'd like to connect to Xero, click 'Confirm', enter the security code sent to your mobile, and click 'Confirm'
